

Perennial

Yarrow, Laura – *Achillea millefolium* 'Laura'

FEATURES: This is a compact plant that is known for its prolific blooming. The ferny grey-green foliage forms a small mound, and there are clusters of ruby red blooms with a tiny white eye in the center of each. Tolerant of drought, wind, and heat. Used in borders, containers, and beds. Attracts butterflies.

Hardiness Zones: 3-9

Height: 14-18" high x 18-24" wide

Exposure: Full sun

Bloom Time: Early summer to fall

Water requirements: Low to medium
